Dear Mr. Carter:

As we discussed, Lewis McMurran has not installed the promised water lines along Denbigh Boulevard. Although I have noticed considerable construction along Denbigh Boulevard, it does not appear that water lines to this location have been installed.

As you know, Berrane Enterprises, Inc. is required to provide a source of water for fire suppression. We would prefer that the source of that water be city water.

The above referenced special use permit will expire March 16, 2005. I request that the Board grant Berrane Enterprises, Inc. a further extension to the special use permit R01-64(R).

We greatly appreciate your help and the kind patience of the Board of Supervisors in this matter.

Sincerely,

Bradley E. Berrane
